TURN.

One direct line to inventory, disclosure, transport, and
wholesale confidence.

What dealers put up with every day.

Every current process adds uncertainty before the bid, during the trade, or after the car lands.

01**BID BLIND**

No CR. Recon becomes the surprise.

02**TRADES STALL**

Subjective appraisals drag out the close.

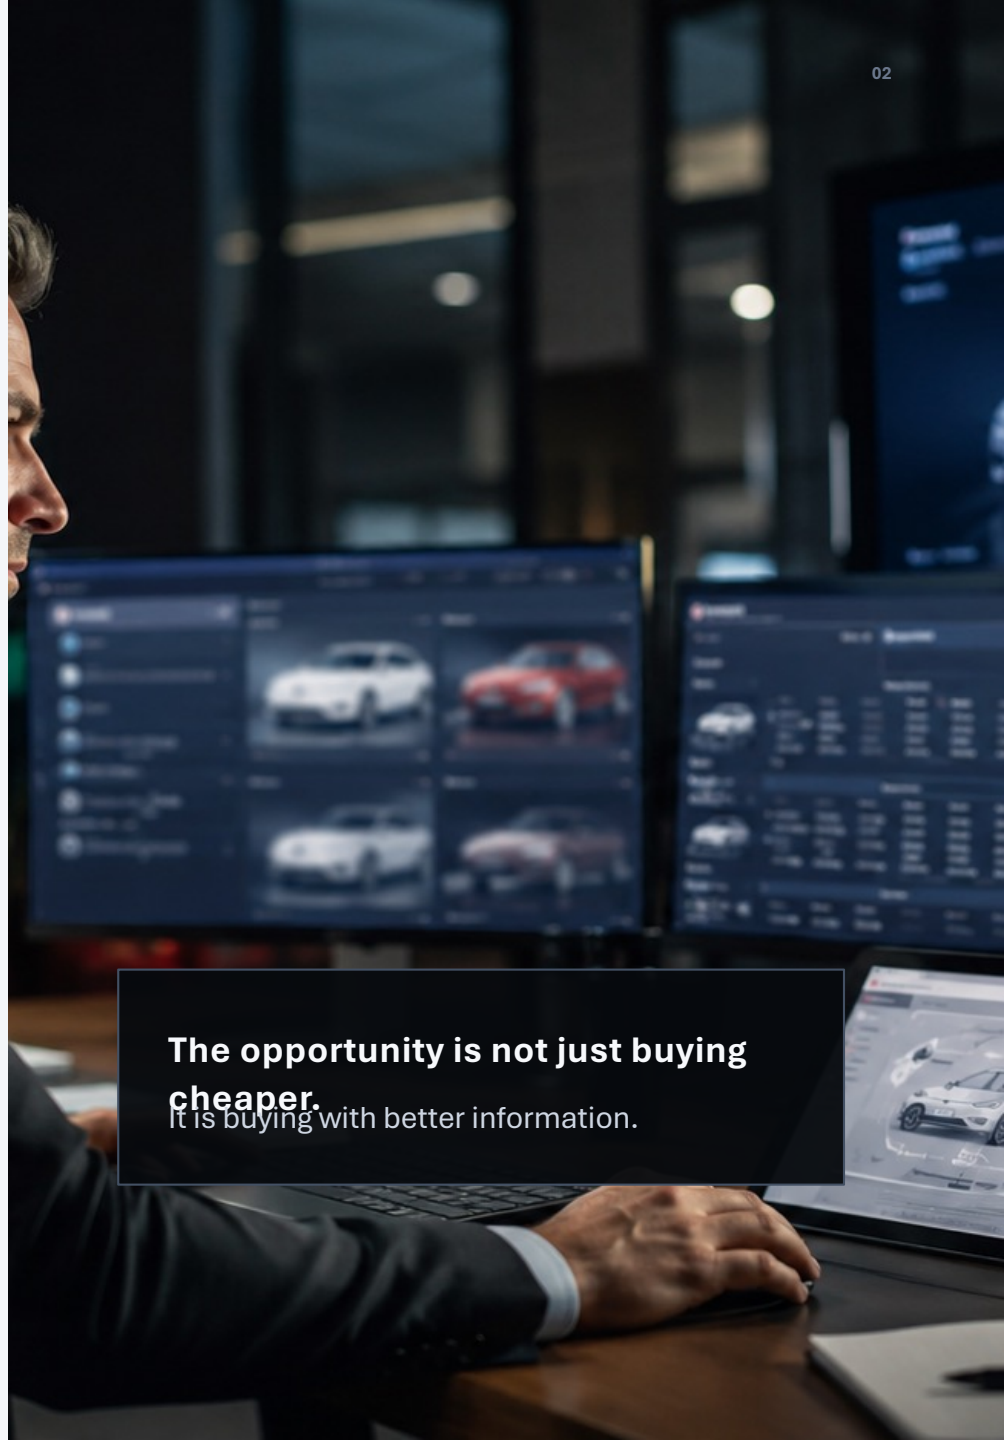

03**PRIVATE CARS VANISH**

Listings never reach a dealer-only auction.

04**ARBITRATION RISK**

When the car does not match, you pay.

FRICTION

The opportunity is not just buying cheaper.
It is buying with better information.

Two revenue paths. One platform.

Most reps pitch one side of the deal. Vista brings the buy-side and sell-side motion together.

BUY SIDE · PRIVATE-SELLER INVENTORY

Inventory other dealers can't source.

- Hundreds of thousands of private-party listings
- AI condition report attached before you bid
- Vista handles pickup, transport, and payoff

SELL SIDE · TURN TOOLS ON YOUR FLOOR

Trade-ins become a closing tool.

- Customer appraises from their driveway
- Multiple firm offers land in minutes
- 14-day warranty backstops wholesale units

Both paths feed the same goal:

**better cars, better disclosure, faster
turns.**

A cleaner path to acquisition and disposition.

Information before the bid. Liquidity after the appraisal. A backstop after the sale.

THE DEALER TRANSACTS ONLY WHEN THE VALUE IS CLEAR

14-Day Warranty. Every unit.

Cosmetic or mechanical. No carve-outs. No exceptions.

\$500 – \$3,500

Per claim range on wholesale coverage.

A stronger story for buyers, sellers, and every manager tired of the arbitration call.

BACKSTOP

Buy with backstop.

Sell without surprise.

COVERAGE LOGIC

- ✓ Cosmetic or mechanical
- ✓ Undisclosed issues covered
- ✓ Every Turn-powered wholesale unit

Your customer appraises from their driveway.

Your sales floor stays focused on closing while the vehicle gets captured, inspected, and shopped to liquidity.
